With a focus on the technology of sausage processing, short course topics range from lectures on basic meat science to demonstrations of processing techniques.

Speakers, nationally and internationally recognized authorities in their fields, will provide information about the latest technology available.

Enrollment for this course is limited to 60 so that participants have ample opportunities to interact with speakers and staff and have their questions answered.

Iowa State University's modern Meat Laboratory allows participants to observe demonstrations utilizing the latest technology.

Information on additional courses at the Iowa State University Meat Laboratory can be found at www.ans.iastate.edu/meat courses. For questions regarding registration, for more information on the course, or to be placed on the mailing list for future courses contact Matt Wenger at mwenger@iastate.edu or 515-294-9279.
