SHORT COURSE CURED MEAT

JANUARY 15–17, 2019

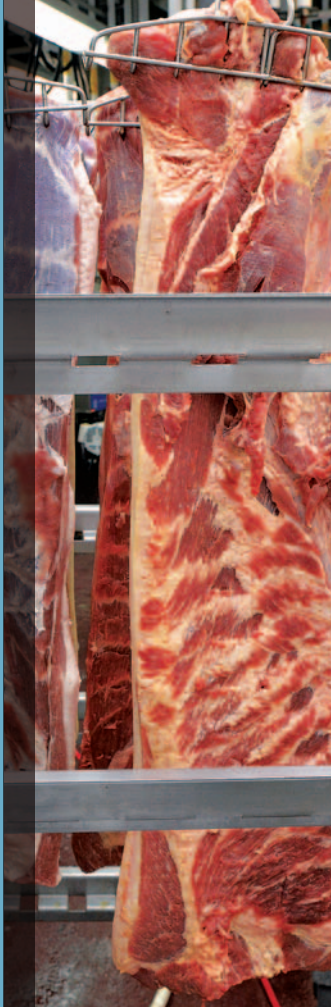

Each day the course begins at 8:00 a.m. and concludes by 5:30 p.m. with breakfast, lunch and breaks included.

There will be social functions each evening to allow participants the opportunity to interact with each other as well as speakers and industry professionals. The course will conclude at noon on Thursday, January 17, 2019.

The short course focuses on the technology of cured meat production.

Topics range from lectures on basic meat science to demonstrations of processing techniques. Speakers, nationally and internationally recognized authorities in their fields, will provide information about the latest technology available.

TOPICS

- Basic Meat Science
- Nonmeat Ingredients
- Liquid Smoke Application
- Injection Systems
- Casings and Molds
- Use of Nettings
- Ham Manufacturing
- Bacon Manufacturing
- Thermal Processing
- Microbiology of Cured Meat
- Hydrocolloids in Cured Meats

This short course is designed for persons with supervisory, production, technical, and marketing responsibilities in commercial meat processing operations.

Enrollment for this course is limited to 60 so that the participants have ample opportunities to interact with speakers and staff and have their questions answered. Iowa State University's modern Meat Laboratory allows participants to observe demonstrations utilizing the latest technology.

REGISTRATION

The registration fee for the Cured Meat Short Course is \$900. After December 26, 2018, the fee will be \$975.
